The mission of Show Me Smiles is to provide resources and support to individuals with facial differences and their families and increase public understanding through awareness programs and education on behalf of those we serve. We support individuals whose facial differences are present at birth, such as cleft lip and palate, Apert, Crouzon, Treacher Collins and Moebius syndromes, vascular malformations, as well as other conditions. We also serve those who have acquired facial differences as a result of illness, disease or trauma, such as stroke, cancer, accident and fire.
(adopted from Ameriface and cleftAdvocate)

Show Me Smiles is a program of cleftAdvocate and Ameriface. www.cleftadvocate.org
